

Pricing Notice:

SteelMint has launched nonferrous price assessments.

In response to subscriber requests to expand our coverage of nonferrous metals and stainless steel prices for India and major global regions, we are pleased to announce that SteelMint has added aluminium, copper, zinc, lead, nickel, tin, and stainless steel prices. We began working in early 2022 and are gradually expanding our portfolio.

In light of your tremendous support, we have recently onboarded copper motor scrap from the United States to CNF Mundra for a weekly price assessment.

We've partnered with major futures exchanges around the world, including China's Shanghai Futures Exchange (SHFE) and India's Multi Commodity Exchange (MCX), where we're displaying live futures for aluminium, copper, zinc, lead, nickel, and tin.

Sr. No.	Product	Grade	Region	Category	Location	Origin	Assessment	Day	Time in IST
1	Aluminium	Tense	Global	Scrap	CNF Nhavasheva	Middle East	Weekly	Tuesday	17:00
2	Aluminium	Taint Tabor	Global	Scrap	CNF Nhavasheva	Middle East	Weekly	Tuesday	17:00
