

## Pricing Notice: BigMint Expands Portfolio with Indian Alloy Steel Price Assessments (EN-8)

We are thrilled to announce the launch of Indian EN-8 alloy steel price assessments, adding a new dimension to BigMint's portfolio of market insights. Starting Wednesday, 11th December 2024, we will provide price assessments specifically for EN-8 alloy steel in Mumbai, addressing the growing industry demand for precise and reliable data.

EN-8, a medium carbon steel known for its excellent mechanical properties, plays a pivotal role in manufacturing components like shafts, gears, and bolts. With increasing applications in the automotive and engineering sectors, the alloy steel market is witnessing robust growth.

Key players such as SAIL and JSW Steel, along with a dynamic secondary steel sector, are shaping India's alloy steel landscape. Our new assessments are designed to equip businesses with actionable insights, enabling confident decision-making in this evolving market.

Stay connected for real-time updates and detailed analyses as BigMint continues to expand its commitment to delivering unparalleled market intelligence.
